Art Unit: 2627

1) The amendment and the Terminal Disclaimer filed 8/10/2006 are acknowledged.

2) An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In claim 4, line 11, replace "payable" by -- playable --.

3) Claims 1-9 and 11-25 are allowed.

The method for recording real time video by providing realtime video information and control information related thereto, the
real-time video information being subdivided into cells, the cells
being independently playable portions of the video information, and
the control information including playback parameters for
reproducing sequences of the cells, selecting a starting point
within a recording area of an optical record carrier, the starting
point being after and separated from the beginning of the recording
area for creating a free area between the beginning of the
recording area and the starting point, recording the real-time
information at positioned after the starting point according to a
recording format and recording the control information in the free
area according to the recording format, as recited in the
